

INVITATION

The University of Johannesburg's Data Science Across Disciplines (DSAD) Research Group, housed in the Institute for the Future of Knowledge (IFK) and the Centre for Data Ethics (CDE), housed in the Institute of Intelligent Systems (IIS), will hold a three-part webinar series on “**Ethics in the 4IR**”.

Part 1: Interrogating the Efficacy of Generative AI in Finance: The Case of South Africa

The finance webinar investigates the ethical dimensions of algorithms, automation, and data-driven decision-making within the financial industry providing an invaluable platform for engaging dialogue, nurturing a deeper comprehension of the ethical challenges, and offering insights into responsible practices during the 4IR era.

SPEAKER ■ **Professor Terrence van Zyl** – *Professor at the Institute for Intelligent Systems (ISS); and Nedbank Research Chair, University of Johannesburg, South Africa.*

DISCUSSANT ■ **Professor Tapiwa Chagonda** – *Associate Professor in the Department of Sociology; and Director of the Centre for Data Ethics, University of Johannesburg, South Africa.*

DATE ■ **Thursday 3 August 2023**

TIME ■ **17:00-18:30 SAST**

FORMAT ■ **Online via Zoom**
